Dr Abdul Basit Syed

Message from Chairman's Desk

I am honoured to initiate the 2nd Edition of Trilateral Global Summit 2021 focused on the "World Humanitarian Drive's Trade 4 Peace initiative, promoting global economic and business integration as a Pathway to Peace.

When we last convened June 2019 in London for the 1st edition of "Trilateral Global Summit" at the British Parliament with top Global and Business leaders of various fields from 26 countries, I was hoping to host even a more prominent summit for the year 2020. However, the dream of physical convention didn't materialise due to the global lockdown.

This second summit in 2021 organised as a digital event against the backdrop of resurgent Covid-19 infections to control the third pandemic wave, which impacts the economy and people's lives. While we would have, of course, preferred to share ideas and concepts of business in person, I am confident our discussions, on stage and off, will be vibrant and engaging as always.

WHD focuses on three core principles - Peace, Education and Trade Harmony and we imbibe all three in our commitment to the followers of WHD. I am delighted in articulating my conviction that WHD will continue pursuing the highest standard of excellence in Striving for Humanity.

On behalf of the WHD Team, I welcome you again and encourage you to visit our website timeline to know our initiatives and witness the inspiration for unity and peace in the world.
