WHD/UK/089/2020

**H.H. Sheikh Mohamed bin Zayed Al Nahyan**  
**Crown Prince of Abu Dhabi**  
**UAE**

**Your Royal Highness**

It is with immense praise I write this letter as the Founder of “World Humanitarian Drive (WHD)” an International NGO found in U.K. with global operations in twelve countries with visions to promote Peace, Education and Trade Harmony in this world. At “WHD” we’ve made huge strides to achieve our visions by working very closely with various World Leaders, Governments and Organisations across the world.

I concord to the normalisation of the relations with Israel, with reasons of peace, progress and development in building the great nation of UAE in the interests of people to strengthen “UAE as a state of peace with peaceful coexistence”.

I sincerely commend the efforts of UAE Government under the wise leadership of **H.R.H. Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi**, in working relentlessly to spread the culture of security, peace and service to humanity by building a communication with various civilisations, nations and peoples.

I applaud UAE decisions to consider peace as a fundamental pillar of stability and sustainable development by adopting new approaches in international relations to achieve justice, fairness, coexistence and tolerance, in which we all can enjoy prosperity and security. Hence, I am fully confident "It is the right decision guaranteeing peace, stability and development in the region, that will lead people to a prosperous life not only between the two nations but the world."

**Yours Humbly,**

**Dr. Abdul Basit Syed**  
**Founder Chairman - WHD**
