PRESS RELEASE

Condemning the Terror Attack in France

29th October 2020

I as the Founder Chairman of **World Humanitarian Drive (WHD)** strongly condemn in strongest possible terms, the savage, cowardly, vile, barbaric, brutal and shameful knife attack in a place of worship in the city of Nice, France in which three innocent persons, including a woman lost their lives. Furthermore, I also condemn the attempted act to harm and to injure people in Montfavet District in Avignon. We condemn the attack on the security guard at the Consulate General of France in Jeddah, Kingdom of Saudi Arabia.

It must be made abundantly clear that these criminal individuals neither represent the 1.7 billion Muslims across the world nor adhere to the basic principles of Islam or any faith.

We should all unite to condemn all acts of terrorism in all of its ugly forms and manifestations regardless of its origins.

I call for tolerance, acceptance and the protection of life, human worth, human dignity and the sanctity of life.

Dr. Abdul Basit Syed
Founder Chairman - WHD
